LONG STANDING DISEASE ARE INVITED TO CALL.

The following, from a Pennsylvanian appointment, may be equally opportune in Ohio- Mrs. F. remains well.

LADIES, READ THE EVIDENCE.

Dect. H. Tubba—Dear Sir: This is to certify that for ten years I have been afflicted with general debility, prolapsus uteri and irregularities common to females. For the last three years I grew worse and was not able to attend to household duties, being frequently confined to the bed. I have been attended by some ten or twelve different physicians, who gave relief for the time being only—Recoiving no lasting benefit, I tried all the patent medicines I could hear of that professed to be infallible in the cure of any disease—but to no purpose. I at lest gave up all in deepair, and resolved to let disease finish its course with me—By visiting a friend who was using your medicine, I was recommended to try once more, and finally consented. I obtained medicine at your room at Bridgewater, about the first of March last, and began gradually to get better and better, and now find myself a sound and healthy womans, which blessing I ascribe to your medicine—Should you publish this certificate, I wish to say one word to the reader—You may agree with me or not, yet of one mide each, and bids will be received for one or more, or the whole.

Propositions for completing the entire line ready for business, are also invited.

The Company reserves the right to reject any and all proposals that are not considered satisfactory.

This road running through a populous and healthy country, where suplies are che ap and abundant, offers unusual inducements to contractors.

Maps, Profiles, Plans and Specifications, will be ready for examination on and after the 15th day of July.

CASE OF ASTHMA.

The following letter from Hon. Myron Lawrence, of Belchertown, is valuable testimony in favor of the Oxygenated Bitters.

BELCHERTOWN, March 16, '48. BELCHERTOWN, March 16, '48.

DR GREEN,—I take great pleasure in informing you of the results of the medicine called Oxygenated Bitters you had the kindness to send me. For some twenty years I had suffered with Humoral Asthma. I was compelled to sit up one-third of the nights, without going to bed at all; and the rest of my time, my sleep was interrupted by violent fits of coughing, and great difficulty in breathing In all my attendance upon our courts, I never went to bed in Northampton in twenty years, but wice, and then was compelled to got up.—Now I lie in bed without difficulty, and sleep profoundly—I take your medicine according to directions—The violent symptoms immediately abated, and perseverance in the use of the remedy has removed all its troublesome consequences—The removed all its troublesome consequences—The value of such a remedy is incalculable, and I hope its virtues may be widely diffused, and its bene-

ficial agency extensively employed.
Respectfully yours, M. LAWRENCE

To Dr Marchin:—I have ten years been troubled with Female complaints—prolapsus. Uteri, and all the attending difficulties—at times rendering my life most miserable. I have had the attendance of some of the best physicians, with but little success. The most that they could do was to relieve—a cure was out of the question. For five months before commencing with your medicine, I had not been able to perform any labor, could walk but a few steps at a time and scarcely went out of doors—in short. I was completely went out of doors—in short, I was completely prostrated both in body and mind. I expected to drag out the rest of my days in suffering and mis-ery; but reading your adversisement, was induced to try your invaluable medicine, called 'Uterine Catholicon,' as the last resort. I had not used Catholicon," as the last resort. I had not used a week before I felt like another woman. By the use of three bottles, I was enabled to perform all the labor, for six in the family, with case, and all the labor, for six in the family, with ease, and could walk any where in the noeighborhood, with outinjury. Nothing but a fense of duty to you and the suffering community, has induced me to state my case to the public; and I can safely recommend the preparation to all those suffering like myself. Mesers. Scoville & Head:—This is to certify that about the first of February last, I was afflicted with three or four painful erres on and about the face, some of them as large as a quarter of a dellar; they assumed the appearance of cancers, and I was fearful they would terminate in cancers.

About three weeks since I commenced taking Doctor Guyeott's Extract of Yellew Dock and Sarenparilla, and found immediate relief from its use. I have not taken quite two bottles, and the sores on my face are all healed up; and those on my face are nearly so; and I truly believe they will be entirely well in a few dafs.

I cheeffully recommend this medicine to persons afflicted with any kind of cruptions or cancerous sores. My general health is much improved by the coffice of the medicine.
